

# The 20 Amazing Things Autumn Hunt:

crunchy leaves

your favorite color in nature

signs of an animal (e.g., tracks, fur, feather)

a source of water

berries

four types of insects

something an animal would eat

something noisy in nature

something fuzzy

something that makes your mother say, "ewwww! gross!"

three types of birds

five different types of trees

someplace an animal would live

a twig the size of your thumb

something that makes your father say, "that's cool!"

wildflowers

a root

something that makes you smile when you see it

a smooth rock

something you've never seen before. In fact, you're not sure what it is, go home and look it up!
